

The Smart Networks and Services Joint Undertaking (SNS-JU)

**The voice of the European industry for the
development, deployment and evolution of
6G Smart Networks and Services**

**Dr. Colin Willcock, Chairman of the Board
6G Smart Networks and Services Industry Association (6G-IA)**

The voice of the European industry for the development, deployment and evolution of 6G Smart Networks and Services

The VOICE of
EUROPEAN INDUSTRY
for the DEVELOPMENT
and EVOLUTION of
5G&6G

The 5G PPP is co-funded by the Horizon 2020 programme of the European Union

Future European 6G Research

The voice of the European industry for the development, deployment and evolution of 6G Smart Networks and Services

**SMART —
NETWORKS
& SERVICES**

SNS – Strategic Objectives

Research & innovation for 6G networks -
connectivity, devices and service infrastructures

New applications: “Internet of Sense”, XR/VR,
digital twins, holographic type communications

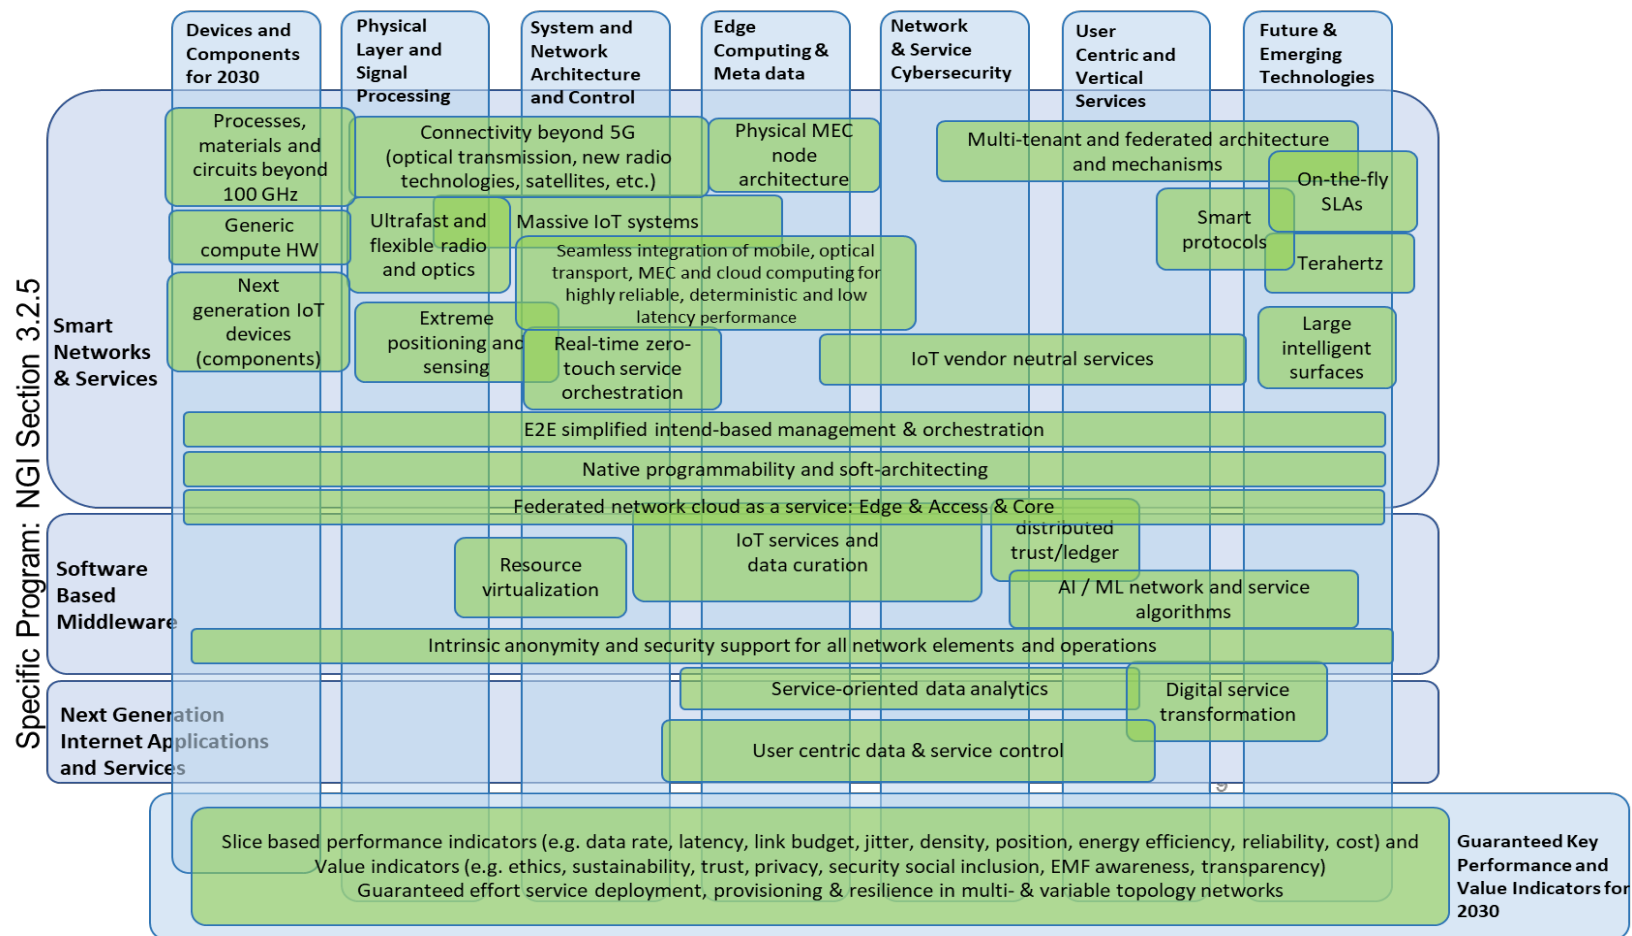

Reinforce Europe’s technological leadership

Safeguard European values
(security and privacy)

Enable a massive digital and green transitions
towards low carbon footprint of vertical industries

Cost Effective Affordable Solutions for all & everywhere
Strengthen European data economy

Research Areas

The voice of the European industry for the development, deployment and evolution of 6G Smart Networks and Services

Future European 6G Research

- The Smart Networks and Services Joint Undertaking has started
- 900 Million Euro public funded research program for Next generation networks
- First Call for projects has closed
